**WHAT'S WILDTREE?**

Rhode Island mom Leslie Montie and her parents founded Wildtree; their mission is to share their tasty array of ALL NATURAL culinary blends, oils, marinades, sauces, rubs, dips, breads, and more that they created.

Leslie's two children had medical challenges (juvenile diabetes and allergies to preservatives), which required special diets. Leslie was challenged to make great tasting meals that the whole family could eat together and enjoy. Friends suggested that others might benefit from these healthy alternatives, so Wildtree was born!

All Wildtree products boast no additives, preservatives, MSG, food dyes, or anti-caking agents. Most have no (or minimal) salt and sugar. Their Grapeseed oils have NO cholesterol and HALF the saturated fat of the best olive oil!

Whether you have a dietary restriction, want to eat healthier, prepare quick and EASY gourmet meals, I encourage you to check out our great products!
